Prithivichowk , Pokhara • 9846103484 • dristyshrestha4@gmail.com

 @ www.linkedin.com/in/dristy-shrestha-b9a77b360  @ <https://github.com/dristyshrestha>

Motivated and detail-oriented undergraduate student pursuing a Bachelor's in Computer System and Information Technology at PCM. Demonstrates a solid foundation in frontend development, project documentation, and technical tools such as Laravel and GitHub. Skilled in preparing structured project proposals, designing intuitive user interfaces, and refining code to enhance functionality. Known for excellent communication, teamwork, and a strong drive to learn and contribute effectively in professional environments.

EXPERIENCE

Social Media Manager

Pokhara Kaski

Jan, 2026 - Present

Skilled in Social Media Management, content creation, social media post design, Facebook and Instagram management, Meta Analytics, content planning, performance reporting, and audience engagement. Experienced in creating diverse, professional social media content and designs aligned with brand goals.

Graphics Designer (Canva Pro)

Pokhara Kaski

SATRI

Dec, 2025 - Sep, 2026

Skilled in professional graphic design using Canva Pro and Generative AI tools, with experience creating diverse social media posts, promotional graphics, marketing creatives, banners, flyers, and other visual content aligned with brand requirements.

EDUCATION

Bachelor in Computer System and Information Technology

Pokhara

Pokhara College Of Management

Mar, 2022 - Present

I am a BCSIT student with hands-on experience in project proposal development, frontend design, and code refinement. Proficient in Microsoft Word and Excel, with practical knowledge of Laravel framework and GitHub version control acquired through college workshops.

+2

Pokhara

New Galaxy Secondary School

Jul, 2019 - Jun, 2021

I completed my +2 in Science with a focus on Physics, Chemistry, and Biology/Mathematics, gaining a strong foundation in analytical thinking, problem-solving, and practical skills through both theoretical learning and lab work.

SEE

Pokhara

Rising Star Academy

Apr, 2016 - Mar, 2017

I completed my SEE (Class 10) with a focus on overall academic development, building a strong base in subjects like English, Science, and Mathematics. This phase helped shape my discipline, study habits, and interest in further education.
